

PURCHASING SERVICES POLICY

www.digitalscreen.com

-  When we need to outsource part of a service or production, we must continue to apply the policies and principles in force at Digital Screen.
-  All these considerations have been **included in the following documents** available to the buyer:

Environmental policy

whose records and documents are accessible to each buyer

Ethics and CSR

whose principles must also be followed by suppliers

Selection of suppliers

Selection of suppliers based on a **qualitative evaluation** that is updated annually for each of our suppliers.

This evaluation is based on the following principles:

Ecology

Environmental certifications obtained:
FSC, PFEC, ISO14001, REACH

Signing of environmental best practices

Labour

Signing of the supplier code of conduct

LOPD (Law on Data Protection)

Signing of the supplier code of conduct

Selection of suppliers

The supplier selection process must always prioritize the option with the highest score in the available evaluation (see DS_Evaluation Suppliers).

New suppliers

Any **new supplier registered at Digital Screen** must comply with the following requirements:

Ecology

They must at least have an environmental certification (PFEC, FSC or ISO14001) and also sign the D21 (best practices).

Labour

Signing of the supplier code of conduct.

LOPD (Law on Data Protection)

Signing of the supplier code of conduct.
